in the vineyard

Terroir: Deep, decomposed granite soils on the slopes of the Darling Hills, with a cooling effect in the warm afternoons from the Atlantic Ocean in close proximity.

Vineyard type: Bush Vine, dry land

about the harvest

Yield: 3 t/ha

Balling at Harvest: 45°B

in the cellar

Hand selected bunches from unirrigated bush vines left to wither in the sun. Crush and destalk, 15 days fermentation at 20-25°C on skin. Pressed at 5-10°B

Maturation: A portion of the wine spend 8-12 months on staves and to add complexity and layers.
